

CORPORATE ACCELERATOR CO-LEARNING DAY - 29 September 2020 -

The number of companies in Sweden that are running or planning to run their corporate accelerator is increasing steadily. At Ideon Open we have visited several corporate accelerators in Sweden, Europe and the US and noticed that a lot of these places are still in their early years and in many ways act as small start-ups within the environment of their bigger parent organization. Heck, our own accelerator Beyond is only 3 years old. We constantly receive loads of inquiries from companies on how to start an internal accelerator and what would be the best practises for that. Therefore, we asked ourselves: why not be smart about this and arrange a meeting to exchange knowledge and experience between all of us? So here it is: Welcome to the first corporate accelerator sharing meet-up in Sweden. Spend a day of your time and get insights on how you can improve your efforts to operate/start an accelerator.

Date: Thursday 29th September 2020

Time: 09:30-15:30

Location: Ideon Open HQ, Ideon Science Park, Scheelevägen 15, Lund, Sweden

What you get:

- Knowledge sharing - meet people in the same position as yourself and discuss lessons learned and do's & don'ts
- Increased network - maybe there are opportunities for some joint activities with new accelerator friends...
- Convenience - meet most of the corporate accelerators in Sweden in one place at the same time

What is your contribution:

- Active participation - Openness and insights into your corporate accelerator journey
- 1 day of your valuable time
- SEK 1500:- to be paid on-site by card (preferably) or invoiced. And yes, lunch and fika are included.

Registration: Ask your Ideon Open contact, alternatively Gustav.widerstrom@ideonopen.com, +46 70 851 35 85
